Coon Valley Cooperative Telephone is proud to offer PowerNet to our customers

What is PowerNet?
PowerNet Wireless Internet is high-speed Internet service over an unlicensed wireless frequency. Internet traffic runs up to 24 times faster than a traditional dial-up connection.

Is it the same wireless as a cellular phone?
No, PowerNet runs over a different, unlicensed frequency. It is not the same technology as cellular service.

Do I dial-up for service?
No, connection is constant, you never dial-up or log-in.

Can I get PowerNet in the country?
In many cases, yes, however, there may be some areas that we aren't able to reach with PowerNet. If you are within a 7-10 mile range from Stuart, service is most likely available. A no-charge site survey is needed to determine if PowerNet is available at your location.

What is Postini Virus & Spam filtering?
Postini virus filtering protects your computer against viruses that may come into your computer from an email. Postini spam filtering stops junk mail. Both products are included on your first 5 email accounts.

How much is equipment?
Equipment is included with your service. There is no additional investment.

How do I get it?
Simply call us at 641-524-2111 or mail or fax this application to our office.

- 512k* - \$54.95/month**
Plus \$49.95 Installation
Includes up to 5 emails, Postini Virus & Spam Filtering on first 5 emails

*Speeds up to 128k, 256k & 512k dependent on network activity. Not all locations can receive PowerNet. There will be a no charge site survey to make sure your location is PowerNet-ready.

PowerNet requires a Network Interface Card (NIC). If your computer does not have a NIC, one can be installed for *\$30.00 at time of wireless installation.

STANDARD INSTALLATION TERMS

*Standard installation includes installation of wireless equipment and connection to one computer. Installations that require extraordinary time or resources will be billed an additional charge. Customer will be informed of charges prior to installation. Customers requiring connection of two or more computers will be charged \$45 per hour plus additional materials. Monthly service charge includes use of Coon Valley Telco's equipment. Ownership is retained by Coon Valley Cooperative Telephone.
